It Takes Wires To Tie A Town Together

FROM your telephone—from every telephone—two wires run all the way to the Central Office. Here they are interconnected at will, quick as a wink, with any other pair . . . the basis of the system which unifies every community through voice communication.

When all "spare" wires in any neighborhood have been put in service, or all switching apparatus at a Central Office has been used up, the only way additional subscribers can be served is by installing more wires or Central Office equipment.

There are always new Central Offices to be built, and others to be enlarged to care for the normal growth of the telephone industry.

The present program of expansion is taking much time and a vast amount of work to complete, since regular telephone manufacturing was entirely suspended during the war years.

That is part of the telephone job, however, and as the work goes forward it will tie people and towns and countries closer together than ever before.

Shop in the Yellow Pages

Whenever you want information about an article, a service or a certain business

LOOK IN THE

Yellow Pages

YELLOW PAGES

are ideal salesmen

. . . for business in every line. They work long hours every day — rain or shine without complaining. And they ask an astonishingly small commission for the business they produce.

If you need salesmen that produce new business and help you to hold the customers you already have, put the Yellow Pages on your sales force.

FOOT SPECIALIST

Dr. Albert Seguin

Member of Province of Manitoba Association of Chiropodists Reg'd.

Foot troubles can tire you all over; make you feel old and miserable, take the joy out of life and keep you at home. Why put up with that? Simply decide to have your feet attended to. It's as simple as that.

For IMMEDIATE RELIEF from bunions, callouses, corns, ingrown nails, poor circulation, stiff joints, burning or cramping sensations, pain in calf of leg and ball of foot, weak or fallen arches, make appointment with—

Dr. Albert Seguin

DISEASES and DEFORMITIES OF THE FOOT

Special Attention to Children

When children walk peculiarly and wear their shoes badly, they may be developing flatfoot. Remember that you must not wait for the child to complain of pain, because it is rarely present until the condition has reached an advanced stage. In flatfoot in children, prompt treatment is absolutely essential in order to prevent deformity and disability in later life.

The present day treatment of foot ailments is both an art and a science. It involves X-ray interpretation and the most modern diagnostic and therapeutic facilities known to Foot Science.

All Foot Ailments Treated

including:

- Acute and Chronic INFLAMMATION of the lower extremities
- Bone and Joint Lesions
- Muscular Atrophy
- Circulatory Disturbances
- Pain, Burning, Cramps and Swelling in ball and arch of foot and in calf of leg
- Weak Ankles that constantly turn over (congenital or acquired)
- Talipes Valgus, Pes Cavus, Hallux Valgus, etc.
- Prophylactic Care of DIABETIC Feet
- Ringworm, Eczema and Psoriasis of the Skin and Nails
- When your feet hurt, you ache all over! The effects of foot trouble are far-reaching and may include Leg Pains, Backache, Headache, Indigestion and Nervousness.

NOW! LEARN TO DANCE THE NEW ARTHUR MURRAY WAY

Save money while you get the finest dance instruction . . . we're so excited about "the new Arthur Murray way" of teaching dancing. It seems like magic the way the Fox Trot, Waltz, Samba, Rumba, all develop out of his basic, new discovery—"The first step to popularity". Beginners are thrilled to find they can go dancing after only one hour and in a few delightful hours you will acquire new poise, grace and confidence you'll never forget.

Don't wait and miss out on fun and popularity. Put yourself in the hands of a capable Arthur Murray expert today. One lesson is all you need to see how easily and quickly you can become a good dancer. We invite you to convince yourself . . . accept a trial private lesson free. Studios open daily from 10 a.m. to 11 p.m.

DISEASES and DEFORMITIES
OF THE FOOT

Special Attention to Children

When children walk peculiarly and wear their shoes badly, they may be developing flatfoot. Remember that you must not wait for the child to complain of pain, because it is rarely present until the condition has reached an advanced stage. In flatfoot in children, prompt treatment is absolutely essential in order to prevent deformity and disability in later life.

The present day treatment of foot ailments is both an art and a science. It involves X-ray interpretation and the most modern diagnostic and therapeutic facilities known to Foot Science.

All Foot Ailments Treated

including:

- Acute and Chronic INFLAMMATION of the lower extremities
- Bone and Joint Lesions
- Muscular Atrophy
- Circulatory Disturbances
- Pain, Burning, Cramps and Swelling in ball and arch of foot and in calf of leg
- Weak Ankles that constantly turn over (congenital or acquired)
- Talipes Valgus, Pes Cavus, Hallux Valgus, etc.
- Prophylactic Care of DIABETIC Feet
- Ringworm, Eczema and Psoriasis of the Skin and Nails
- When your feet hurt, you ache all over! The effects of foot trouble are far-reaching and may include Leg Pains, Backache, Headache, Indigestion and Nervousness.

YELLOW PAGES

are ideal salesmen

. . . for business in every line. They work long hours every day — rain or shine without complaining. And they ask an astonishingly small commission for the business they produce.

If you need salesmen that produce new business and help you to hold the customers you already have, put the Yellow Pages on your sales force.

YELLOW PAGES

are ideal salesmen

. . . for business in every line. They work long hours every day — rain or shine without complaining. And they ask an astonishingly small commission for the business they produce.

If you need salesmen that produce new business and help you to hold the customers you already have, put the Yellow Pages on your sales force.

If your business is not represented in the YELLOW PAGES you may be missing your share of the business in your line.

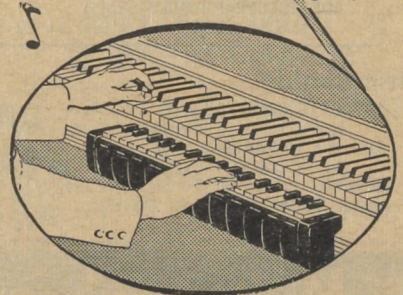
Solovox

Made by the makers of the Hammond Organ



Easily attached to your piano, the Solovox gives you the beautiful tones of the clarinet, cello and many other instruments. You play them on the Solovox while you play piano accompaniment with your left hand. Does not mar piano finish and doesn't affect ordinary use of your piano.

Stop in today and ask about our easy payment plan.

PATENTS

"A Patent is a reward to encourage the inventor to reveal his idea for the benefit of the people.

"With a *skillfully obtained* Patent, others may be prevented from copying the invention as made, *or the underlying new idea in any form* for seventeen years, and the owner may sell or license his Patent for profit.

" . . . it is just as much an infringement to make a patented article for one's own use as to make it for sale."

TRADEMARKS

"A Trade Mark is adopted by a trader so that the consumer may identify and demand his product in preference to others.

"But if he adopts a mark yet neglects registration, a competitor may appropriate it, and if he registers it first, *might actually restrain the first user* under present law.

"Also, many marks cannot be protected, and hard-earned goodwill has therefore often been lost.

"So what makes a strong Trade Mark? . ." *Let us Advise.*

MANUFACTURERS! *Trade mark your Wares—* IF POSSIBLE PATENT THEM!

DOES IT PAY TO RE-COVER?

If you are faced with the problem of deciding whether to have your present chesterfield suite restored and re-covered why not have us give you the benefit of years of experience in the re-upholstering and making of custom quality chesterfield suites. Our expert will gladly bring along samples of upholstery coverings and give you an estimate on the rebuilding and re-covering of your chesterfield suite, or show you our illustrated catalogue of custom made furniture at FACTORY-TO-YOU PRICES—without obligation.

SEE MANITOBA FIRST

From the International Peace Garden in the Southern Section to the many creeks and rivers of remote, seldom explored regions in the North, Manitoba offers vacationists a wide and interesting variety.

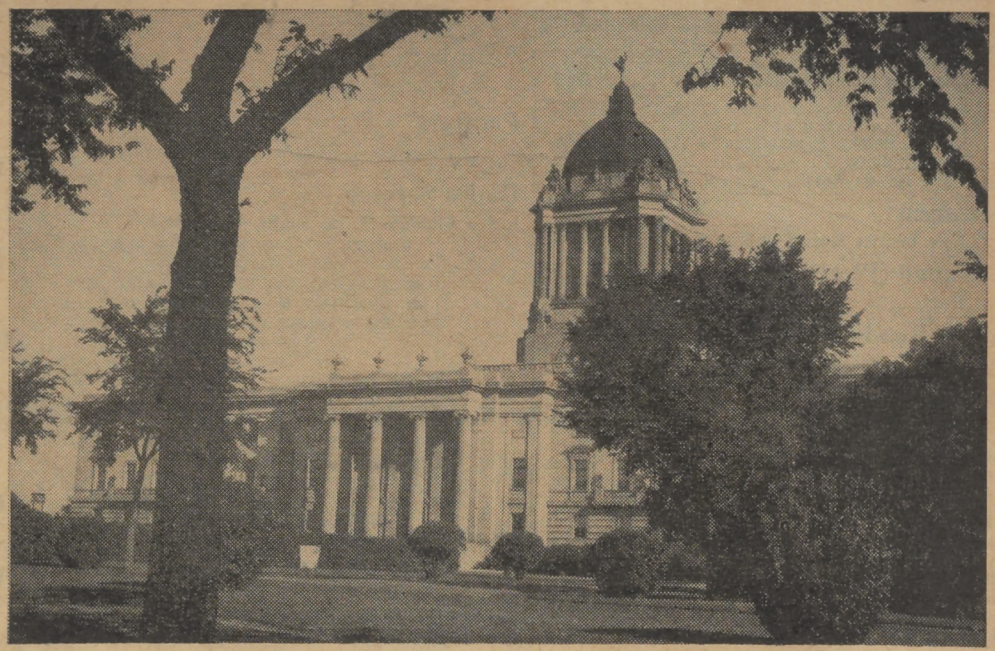
IN MANITOBA there's fish of the fighting kind everywhere—in the lakes of Whiteshell Provincial Park, in the Red, Assiniboine and Winnipeg rivers and in the vast network of waters in the North country.

IN MANITOBA you'll find favored summer resorts offering ideal surroundings for boating, swimming, camping, golf, tennis, etc.—on Lake Winnipeg, at the International Peace Garden, Killarney and Rock Lakes, Singoosh Lake in the Duck Mountain Reserve.

IN MANITOBA you can take a week's vacation cruise by boat to historic Norway House and the hinterland fringing on Northern Lake Winnipeg.

IN MANITOBA you can enjoy scenic splendor of breath-taking beauty — in the Riding Mountain National Park, in the Whiteshell Provincial Park, among the rugged surroundings of the Winnipeg River and the vast North country.

IN MANITOBA no matter where you live you can find a beautiful vacation spot within easy reach.



NOW is the time to see and enjoy the beauty of your own Province.

Visit its sparkling lakes, relax on sunny beaches, hike along forest trails, fish in roaring rivers, swim, golf, play tennis, or go canoeing in new and invigorating country — all within a few hours of your own doorstep. Thousands of people in the City of Winnipeg will find a new and refreshing experience awaiting them this summer in Manitoba's vacation playgrounds.
